W. J. HESSER'S

WHOLESALE PRICE LIST OF

PALMS, DRACAENAS, AGAVES

AND OTHER

ORNAMENTAL PLANTS

PANDANUS UTILIS.

GROWN AND FOR SALE BY

W. J. HESSER.

IN presenting this price list of Palms and Draciennis I would most respectfully thank those who have so long favored me with their patronage and assure them and those who may become my patrons, that it shall aim by fair dealing to receive a continuance of the same.

It affords me great pleasure to be able to say that my stock never was near so large nor in as fine condition as at this time, and from the many flattering letters I have received during the past year, I am confident that I can give satisfaction to all who favor me with their orders. I have aimed to make prices as low as good well grown stock can be sold for.

I have aimed to describe size and condition of each class and variety, as to size and number of leaves, so any one can see what they are going to get before sending their order.

During the past year I have sent plants to florists in over half the states and territories in the Union; from New York and Massachusetts to California, Oregon, Washington and many other states, and from many I have received very flattering reports. To those who think Palms cannot be grown as well and sold as cheap in this state as well as in any other, just give me a trial order; it will soon be followed by a larger order.

I have thousands of plants yet for sale. Send in your orders. My motto is; "Good stock, reasonable prices and fair dealings with all." All plants will be turned out of pots and sent per express unless otherwise ordered. During spring, summer and autumn many plants can be sent by freight, especially large plants, to points reached by the B. & M., M. P. and U. P. Railroads. All plants will be carefully packed (no charges for packing and boxing) and delivered at express or freight office at Plattsmouth, Neb., in good condition, after which my responsiblity ceases.

If sent by freight, in short distances, they will go safe in pots, but for long distances should always be turned out and packed in sphagnum.

Remittances may be made by postoffice order, express order, draft or registered letter. All claims for mistakes or errors must be made within five days after plants are received.

All orders must be accompanied by the cash or satisfactory references, unless from parties of known responsibility to me. You may be perfectly responsible, but I must know it before sending plants.

All bills subject to sight draft if not paid in thirty days from date of invoice unless otherwise agreed before shipment of goods.

Purchasers should be particular to give names in full, with express and postoffice address, county and state, distinctly written so that no mistakes will occur. All orders or letters should be addressed to

W. J. HESSER,

Proprietor of "PALM" Gardens. **PLATTSMOUTH, NEBRASKA.**
